Leather Care

Store your leather garment in a well ventilated area out of the garment bag

Allow a wet or damp garment to air dry away from any heat source

Remove small stains as soon as possible with a cleaner like saddle soap

Polish with a good quality leather polish

Use professional drycleaners for more serious stains

Vinyl Care

It is recommended that Vinyl garments be stored in a garment bag away from other clothing

Hand wash in warm water with a small amount of liquid detergent

Wash both the inside and outside of the garment, rinse thoroughly in cool water

Hang to dry inside out then turn to let Vinyl side dry

Polishing can be done with small amounts of silicone spray

Different colors of Vinyl should be washed and stored separately as dark colors can bleed onto lighter ones.
